

Peter Peschel

[REDACTED]
Germany

February 15, 1993

Dear Mr. Peschel,

We would appreciate your participation in our practical education session, "OROLNASAL INTERFACES FOR POSITIVE PRESSURE VENTILATORY ASSISTANCE" on Wednesday March 3rd at the 4th International Conference on Home Mechanical Ventilation in Lyon March 3,4 & 5, 1993. It is our understanding that you will be attending the conference and that you have some special interest in orolnasal interfaces. It is our further understanding that you are currently using an original interface that may be of interest to many of the attendees of the conference.

At the end of our practical education session we would like to have a display of original interfaces with a representative in attendance for some open discussion and to answer questions. If it is possible for you to be in attendance, please bring a sample of your mask for display and if possible a typed handout describing it.

The workshop begins at 10:45 and ends at 12:30. We will allow 15 - 20 minutes for this display and discussion. We hope to see you there.

Sincerely,

Susan Sortor Leger

Mrs. Susan Sortor Leger
Dr. Anne Guez Brossier
Mr. Jacques Barbier
